July - September 2019

Office Closings: Thursday, July 4th & Monday, September 2nd

Fireworks: No person shall shoot fireworks within city limits except 7 days prior and 3 days after the 4th of July. Such shooting shall only be allowed between the hours of 10 A.M. – 10 P.M. except for the 4th of July and those hours are 10 A.M. – Midnight.

With summer here and school dismissed, please be cautious, watch your speed, and pay attention to stop signs while driving as more children will be out playing.

Mowing Season: Section 215.015 states No grass or weeds over seven (7) inches in height. Please avoid blowing grass clippings into the city streets. When it rains, clippings are washed away and clog the city drains creating a mess as well as becoming a hazard for motorists.

Yard Waste Reminder – Yard Waste pickup is the FIRST and THIRD Friday of each month. If you have any questions, please contact the office.

Check your Toilets for Leaks: Leaky toilets, even though they are usually silent, can waste more water than any other fixture in your home – up to several hundred gallons a day. There is an easy way to test your toilet by yourself. Put a little food coloring in the tank. Wait 30 minutes and DO NOT FLUSH THE TOILET. If the water in the bowl changes color, you have a leak. This issue can often be fixed by adjusting the float arm or plunger ball in the tank.

Have you seen the directory on the Paris website? Visit parismo.net to keep up with event updates, view & pay your utility bill, see pictures and much more.

Bulk Trash Pickup: Monday, September 9th and Thursday, September 12th.

Each customer is limited to 2 appliances per household and construction waste WILL NOT be picked up. Check the Facebook page or call the office for more information.

Thinking about installing a Solar/PV System or other renewable energy system to generate electricity?
